SUMMARY

Junior Python developer with hands-on experience building applications using Flask, SQLAlchemy, Tkinter, and REST APIs. Strong debugging instincts, clean coding habits, and a portfolio of real projects deployed and version-controlled on GitHub. Brings years of high-pressure customer-facing work, excellent communication, and a calm, systematic approach to problem-solving. Motivated to contribute to a technical team and continue growing as a developer.

TECHNICAL SKILLS

Languages & Tools: Python, Flask, SQLAlchemy, MySQL, Tkinter, Jinja, HTML/CSS, Bootstrap, Git, GitHub
Core Skills: Object-oriented programming, REST APIs, debugging, UI design, data parsing, deployment workflows
Soft Skills: Communication, teamwork, customer service, documentation, adaptability

PROJECTS

Synopsizer 3000

Python, Tkinter, BeautifulSoup, Gemini API

- Built a desktop application that fetches webpage content and generates AI-powered summaries
- Implemented URL parsing, error handling, and a clean Tkinter UI
- Integrated Gemini API for natural-language processing
- Designed modular architecture for future feature expansion

InstantBlog

Flask, Jinja, HTML/CSS

- Developed a dynamic blog platform with routing, templates, and content rendering
- Implemented form handling, page generation, and responsive Bootstrap styling
- Structured the project for maintainability and readability

Dice Game Prototype

Python, OOP, Game Logic

- Created a modular dice-based game system with scoring, randomness, and replayability
 - Applied object-oriented design to manage game state and player interactions
 - Built as a foundation for future expansion into a full game
-

WORK EXPERIENCE

Acropolis Grill — Server

Chattanooga, TN • 2025 – Present

- Manage high-volume sections with accuracy and efficiency
- Communicate clearly with kitchen and management to ensure smooth service
- Maintain a positive guest experience in a fast-paced environment

Nelson Jones Electric — Electrician's Helper

Ringgold, GA • 2025 – Present

- Assisted with installation of receptacles, lighting, conduit, and wiring
- Followed safety procedures and technical diagrams
- Supported senior electricians with troubleshooting and layout planning

Previous Service Roles (Nic & Norman's, Owen Brennan's, Gaslight Wine & Spirits)

2021 – 2024

- Delivered high-quality service in fast-paced environments
 - Managed large parties, multitasked effectively, and maintained accuracy under pressure
 - Developed strong communication and customer-focused problem-solving skills
-

EDUCATION

Bachelor of Psychology — University of Memphis
Graduated Magna Cum Laude, 2017

Certification: MySQL (Udemy), 100 Days of Python (Udemy, *in progress*)

LEADERSHIP & HONORS

Helen Hardin Honors Program • Alpha Lambda Delta Honor Society • Tennessee Boys' State •
HOSA Public Health Emergency Preparedness — State Champion
